FOR IMMEDIATE RELEASE

POWER SOURCES UNLIMITED ANNOUNCES RELATIONSHIP WITH TRACOPOWER

Power Sources Unlimited, a technical distributor of power supplies and related products, announces that they have been appointed as a franchised USA and Canadian distributor for Traco Electronics AG.

Traco Electronics is a Swiss company with over 30 years experience dedicated to the design and manufacture of very high quality DC/DC Converters and AC/DC Switching Power Supply products.

The Power Sources Unlimited website, www.psui.com, now provides engineering professionals with technical datasheets for hundreds of TRACOPOWER products, such as their high density, high performance dc/dc converters and their open frame, enclosed, encapsulated and DIN-Rail ac/dc power supplies. The website also features secure on-line procurement of the TRACOPOWER items as well as a “live chat” for an instant response to sales or applications inquiries.
