FOR IMMEDIATE RELEASE

LED DRIVER (WITH DIMMING CONTROL 0-10V) DC-DC CONSTANT CURRENT, OUTPUTS 3.7-52 WATTS

Wrentham, MA Power Sources Unlimited announces the CC3512H Series DC-DC constant current LED driver power supply. Its waterproof design meets IP66 and NEMA4 making this LED driver suitable for indoor and outdoor location.

With its convection cooled plastic-potted housing measuring approximately 2.05 x 1.38 x 0.9 inches the form factor is very small for the power output and installation is easy with dual wire input and output.

Additional features include input voltage range from 12 to 36Vdc with constant current output ranges of 350mA, 700mA, 1000mA, 1400mA, 1750mA and 2000mA, high-efficiency to 90% (max.), operating temperatures range from -40°C to +50°C and models are available with optional dimming control.

Units are RoHS compliant, Reach compliant and meet FCC and CE safety certifications and along with 3-year warranty. Pricing is \$12.16 in OEM quantities and are in full production with delivery from stock in 8-10 weeks.

Download full specifications and procure parts on-line at <http://www.psui.com>. For sales or applications inquiries, please contact Power Sources Unlimited, toll free at 800-966-PSUI (7784) (USA only) or 508-384-1419 or email sales@psui.com.
