FOR IMMEDIATE RELEASE

LOW PROFILE POWER FACTOR CORRECTED 1500W AC/DC SUPPLY

Wrentham, MA. Power Sources Unlimited, a leading technical distributor of power supplies and related products, has introduced the Cotek Electronics 1K5U Series of 1500W AC/DC power supplies. Units are housed in a compact, low profile 8" x 11" x 2.5" enclosure and are ideal for communications, instrumentation, and industrial control applications.

The 1K5U Series accepts a universal 85-260VAC input and provides high current, single outputs ranging from 12VDC to 60VDC. Output voltages are adjustable by either potentiometer or by external controls. A 1200W product from the same family is also available.

These power factor corrected units meet harmonic current standard EN61000-3-2,3 and worldwide safety certification is to EN60950 standards. The units are highly efficient (up to 90%) and offer standard features such as remote sense, forced current sharing for parallel operation, a power fail signal and comprehensive overvoltage, short circuit and over temperature circuitry.

Pricing is \$598.00 at 100 piece quantities. Download the full 1K5U specification and procure parts on-line at <http://www.psui.com>. For sales or applications inquiries, please contact Power Sources Unlimited, toll free at 800-966-7784 or email sales@psui.com.
