FOR IMMEDIATE RELEASE

WIDE INPUT, 8WATT DC/DC CONVERTERS IN A COMPACT DIP PACKAGE

Wrentham, MA. Power Sources Unlimited is pleased to announce the Tracopower TEN-8WI Series of 8 Watt, 24-pin DIP dc/dc converters, with ultra wide input ranges of either 9-36VDC or 18-75VDC. Typical applications for these converters are industrial electronics, telecommunications, instrumentation, or wherever PCB space is critical.

The TEN-8WI Series consists of 14 models with single or dual outputs of 3.3VDC, 5VDC, 12VDC, 24VDC, +/-5VDC, +/-12VDC, or +/-15VDC. High efficiencies, up to 83%, allow for a wide operating temperature of -40C to +85C, with derating after 75C.

Standard features are remote on/off, 1500VDC input-to-output isolation, fully regulated outputs and comprehensive protection circuitry.

The TEN-8WI Series is RoHS compliant, boasts a high MTBF and has a three year warranty. Filtering meets EN55022 Class A and the TEN-8WI Series is safety certified to worldwide 60950-1 standards

OEM quantity pricing starts at \$19.00. Download full specifications and procure parts on-line at <http://www.psui.com>. For sales or applications inquiries, please contact Power Sources Unlimited, toll free at 800-966-7784 or email sales@psui.com.
