FOR IMMEDIATE RELEASE

HIGH PERFORMANCE SURFACE MOUNT DC/DC CONVERTERS

Wrentham, MA. Power Sources Unlimited is pleased to announce the TES-5 Series of low profile, surface mount dc/dc converters, offering 5W of power in a 1.31" x 0.81" x 0.4" encapsulated package.

The TES-5 Series features a 2:1 input range of 9-18VDC, 18-36VDC, or 36-75VDC with single or dual outputs. Input to output isolation of 1500VDC, short circuit protection and remote on/off are standard features. Operating temperature is -40°C to +85°C, with full load achieved up to +71°C.

Units are RoHS compliant and are approved to UL/cUL 60950-1 standards. This dc/dc solution provides Class A EMI filtering, without the need for additional components. Further, the design is qualified for soldering in a high temperature lead-free reflow solder process. The TES-5 Series boasts a high efficiency of up to 85%, a high MTBF, and a three year warranty.

Pricing starts at \$22.00 each at 100 piece quantities. Download full specifications and procure parts on-line at <http://www.psui.com>. For sales or applications inquiries, please contact Power Sources Unlimited, toll free at 800-966-7784 or email sales@psui.com.
