FOR IMMEDIATE RELEASE

POWER SOURCES UNLIMITED FEATURES 10A AND 15A POINT-OF-LOAD CONVERTERS

Power Sources Unlimited (Wrentham, MA), a technical distributor of power supplies and power related products, announces the Cincon family of 10A and 15A non-isolated, point-of-load converters in industry standard single-in-line (SIP) or surface mount (SMT) package styles.

The SIP10 and SMT10 families offer an input voltage range of 3.0VDC-5.5VDC with fixed outputs of 1.0VDC to 3.3VDC with a 10A output rating. A 12VDC input (9.0VDC-14VDC) version of the product is also available.

The SIP15 and SMT15 versions of the products offer a programmable output voltage, via external resistors, to deliver tightly regulated outputs ranging from 0.9VDC to 3.63VDC, allowing one device to be used for multiple applications.

These feature packed products offer efficiencies to 95%, no minimum load requirement, 50mV peak-to-peak ripple and noise, continuous short circuit protection, over-temperature protection.

All products in the Series' are certified to UL60950.

Pricing is \$22.00 for low quantity of the 10A models and units are available from stock at Power Sources Unlimited. Contact PSUI at 800-966-7784 or visit www.psui.com.
