## **FOR IMMEDIATE RELEASE**

### **HIGH PERFORMANCE, LEAD FREE 30W DC/DC CONVERTER**

**Wrentham, MA.** Power Sources Unlimited, a leading technical distributor of power supplies and related products, has introduced the TRACOPOWER TEN-30WI Series of 30W DC/DC converters that are fully compliant to the new ROHS Directive. An ultra wide 4:1 input allows operation in a variety of mobile, battery powered or DC Power System applications. Units deliver tightly regulated single or dual outputs in a compact, industry standard 2" x 1.6" x 0.4" shielded metal package with an insulated baseplate.

Efficiencies up to 87% allow for operating temperatures up to 85C. Built-in input and output filtering eliminates the need for any external components. Additional features include remote on/off and comprehensive protection circuitry. UL/cUL safety certification, a high MTFB and a three year warranty offer confidence in selecting the TEN-30WI in critical designs.

Pricing begins at \$50.88 in 500 piece quantities. Download full specifications for the TEN-30WI and other high performance TRACOPOWER dc/dc converters and procure parts on-line at <http://www.psui.com>.

For sales or applications inquiries, please contact Sales at Power Sources Unlimited, toll free at 800-966-7784 or email us at [sales@psui.com](mailto:sales@psui.com).
