FOR IMMEDIATE RELEASE

COMPACT EXTERNAL POWER SUPPLY DELIVERS 150W

Wrentham, MA. Power Sources Unlimited, a leading technical distributor of power supplies and related products, has introduced the Edacpower EA11603 Series of 150W AC/DC external power supplies. The units deliver up to 150W of power in a compact 6.8" x 2.36" x 1.49" case with an internal cooling fan.

The EA11603 operates from a universal input and meets EN61000-3-2-3. AC input is via a standard IEC320 C6 inlet. Single output voltages range from 12VDC to 24VDC with line regulation of +/-1% and load regulation of +/-5%. Typical efficiency is 85% at full load. Comprehensive overvoltage and overcurrent protection circuitry is included in the design.

The EA11603 is tested/certified to all major safety and EMC requirements, including UL60950, CUL22.2 No. 950, EN60960 and Class B emissions.

Competitively priced at only \$39.00 in OEM quantities! Full specifications and on-line procurement are offered at www.psui.com.

For sales or applications inquiries, please contact Sales at Power Sources Unlimited, www.psui.com, 800-966-7784, sales@psui.com.
