FOR IMMEDIATE RELEASE

EISA/ENERGY STAR/CEC LEVEL IV COMPLIANT 150 WATT DESKTOP POWER SUPPLY

Wrentham, MA Power Sources Unlimited announces the PUP150N Series of desktop ac/dc switching power supplies, which provide 150W of power in a super compact 6.73" x 2.83" x 1.57 package. They are enclosed in a 94V-1 rate polyphenylene-oxide case with an IEC 320/C14 or IEC320/C6 inlet to mate with an interchangeable cord for world-wide use.

Now with EISA (Energy Independence and Security Act), Energy Star and CEC Level IV Compliance the PUP150N Series has a power

factor corrected, 90-264VAC input, and offers fully regulated, single output models ranging from 12VDC to 24VDC. Standby power consumption is less than 1W.

Achieved efficiency is 86% minimum at 110Vac or 240Vac, allowing the unit to operate without a cooling fan, ensuring quiet operation and high reliability. The operating temperature is 0 to +40°C. No minimum load is required and units boast 5% total regulation. Ripple and noise is specified at 380mV peak-to-peak maximum and units feature comprehensive protection circuitry.

Units are RoHS compliant and in full production with deliveries from stock to 6-8 weeks and are competitively priced around \$70 in OEM quantities

Download full specifications and procure parts on-line at <http://www.psui.com>. For sales or applications inquiries, please contact Power Sources Unlimited, toll free at 800-966-PSUI (7784) (USA only) or 508-384-1419 or email sales@psui.com.
