## FOR IMMEDIATE RELEASE

### SURFACE MOUNT 5W DC/DC CONVERTER WITH 4:1 INPUT

**Wrentham, MA** Power Sources Unlimited announces the TES5WI Series of 5 Watt DC/DC converters that are packaged in a compact, 24-pin SMT package. The design complies with lead free reflow solder processing according IPC/JEDEC-J-STD-020C.

Standard models feature an ultra wide, 4:1 input range of 9-36VDC or 18-75VDC, with single or dual outputs of 3.3VDC, 5VDC, 12VDC, 15VDC, +/-5VDC, +/-12VDC, or +/-15VDC.

Perfect for distributed power systems, where an isolated voltage is required, the TES5WI Series features I/O isolation of 1500VDC and a wide operating temperature of -40C to +71C, with no derating. Remote on/off is standard, as well as EN55022 Class A filtering, without the need for any external components. The Series will have worldwide safety approvals to EN60950-1 standards and boasts a 3-year product warranty.

OEM quantity pricing starts at only \$18.00 each. Download full specifications and procure parts on-line at <http://www.psui.com>. For sales or applications inquiries, please contact Power Sources Unlimited, toll free at 800-966-7784 or email [sales@psui.com](mailto:sales@psui.com).
