FOR IMMEDIATE RELEASE

3W DC/DC CONVERTER BOASTS 4:1 INPUT RANGE

Wrentham, MA Power Sources Unlimited announces the TMR3-WI Series of ultra-wide input DC/DC converters which offer 3 Watts of power in a compact SIP8 Package.

The TMR-3WI Series is an isolated and fully regulated converter product, comprised of 16 models, offering 4.5-18VDC, 9-36VDC and 18-75VDC inputs with 3.3VDC, 5.0VDC, 9.0VDC, 12VDC, 15VDC, +/-5VDC, +/-12VDC and +/-15VDC outputs. Their small size and high efficiency make them an ideal solution for many space critical applications, where the ultra-wide 4:1 input easily accommodates battery powered designs.

Standard features include an operating temperature range of -40°C to $+85^{\circ}\text{C}$, remote on/off control, continuous short circuit protection, input-to-output isolation of 1500VDC, IEC/UL 60950-1 compliance, and a 3-year product warranty.

The TMR-3WI Series products are in full production with deliveries from stock to 6 weeks. Standard pricing is as low as \$12.00 for OEM quantities.

Download full specifications and procure parts on-line at <http://www.psui.com>. For sales or applications inquiries, please contact Power Sources Unlimited, toll free at 800-966-7784 or email sales@psui.com.
