FOR IMMEDIATE RELEASE

100W AC/DC POWER SUPPLIES IN A 2" x 4" FOOTPRINT

Wrentham, MA Power Sources Unlimited announces the new TOP-100 Series ac/dc power supplies, which feature the highest power rating in a 2.0" x 4.0" (50.8 x 101.6mm) industry standard footprint supplying up to 100 Watts of output power using convection cooling over an industrial operating temperature range of -25°C to $+50^{\circ}\text{C}$.

By meeting global safety and EMC standards, the TOP-100 Series qualifies for a variety of worldwide markets. Approved for Class I and

Class II applications, these switchers are suitable for industrial and ITE systems but also for consumer products.

Standard features include super-high efficiency of $>90\%$ which eliminates the need for a dedicated power supply cooling fan, low-leakage current, over-voltage protection, compliance with EN 61000-3-2 and EMI filter meets EN 55022, level B.

The TOP-100 Series products come with a 3-year product warranty. Models are in full production with deliveries from stock to 6-8 weeks. Standard pricing is as low as \$40.16 for OEM quantities.

Download full specifications and procure parts on-line at <http://www.psui.com>. For sales or applications inquiries, please contact Power Sources Unlimited, toll free at 800-966-PSUI (7784) (USA only) or 508-384-1419 or email sales@psui.com.
