FOR IMMEDIATE RELEASE

60W CONVECTION COOLED AC/DC POWER SUPPLIES

Wrentham, MA Power Sources Unlimited announces the new TOP-60 Series open-frame, high-efficiency, ac/dc power supplies. Compliance with global safety and EMC standards, qualifies these power supplies for industrial and ITE applications.

The TOP-60 Series has a universal 90-264Vac input and features single, dual and triple outputs, ranging from 5Vdc to 48Vdc. Packaged in an industry standard 2.0" x 4.0" footprint, units provide up to 60 Watts continuous output power.

High efficiency allows operation up to 70°C with convection cooling.

Standard features include an operating temperature range of -10°C to +70°C, high efficiency of 88%, short circuit protection, compliance with EN 6100-3-2, low leakage current and protection class II.

The TOP-60 Series products are in full production with deliveries from stock to 6 weeks. Standard pricing is as low as \$21.66 for OEM quantities.

Download full specifications and procure parts on-line at <http://www.psui.com>. For sales or applications inquiries, please contact Power Sources Unlimited, toll free at 800-966-7784 or email sales@psui.com.
